Poems: A Poem a Day

Each day, we will share a poem a day from the book, "*I am the seed that grew the tree.*"

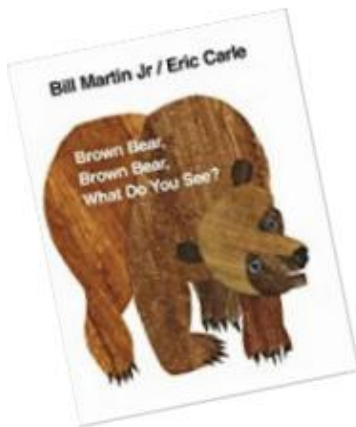

A stunning anthology of 366 poems that celebrate the wonder of nature, one for each day of the year. Beautiful, seasonal illustrations bring the words of William Blake, Emily Bronte, John Updike, and many, many more to life. This really helps children's understanding of the world through exposure to poem and aids communication, language and conversation opportunities.

Recommended books for:

EYFS Reception: Repetitive Books

All books are excellent tools for encouraging language development. Predictable and repetitive children's books are great for children with language disorders and those who have childhood apraxia of speech (CAS) or other speech-sound disorders. The repetitive nature of these books reduces the "cognitive load," allowing the child to focus on comprehension (language) and production (articulation) of the content. Books provide new vocabulary in context, provide visuals to help aid in comprehension, and can be used to address a variety of skills depending on how they are used: receptive language, expressive language, articulation skills, and fluency.
