

Being Different

Being Different

Reader Notes:

These stories have been designed to help children learn about school so they know what to expect and can learn positive ways to respond to new situations. As a teacher, parent or carer you can help your child by reading through the stories. You could point out how the child's school experience is different and similar to that in the story and come up with other positive ways to respond. We hope these stories can make children feel more confident, safe and accepted at school.

At school, there are lots of kids.

Some kids look the same.

They might wear similar clothes,

They might like similar things,

They might talk the same way,

Or they might have friends who
are just like them.

But some of us are a little bit...

Different!

Some kids are SUPER energetic and are always moving around!

Some kids have HUGE imaginations and daydream all the time.

Some kids are into different things.

Some kids stick out and look a bit different.

Some of us have fun hair styles.

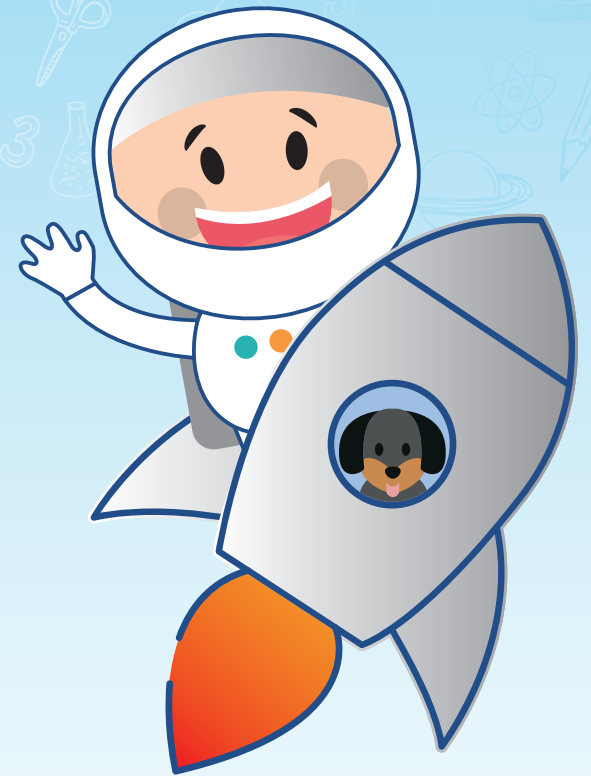

Some of us get around in all kinds of different ways.

Some kids
talk differently.

Some kids think
a bit differently.

Hello

Some kids see differently.
Some kids hear differently.
Some kids have lots of
different friends.
